

## Welcome Screen

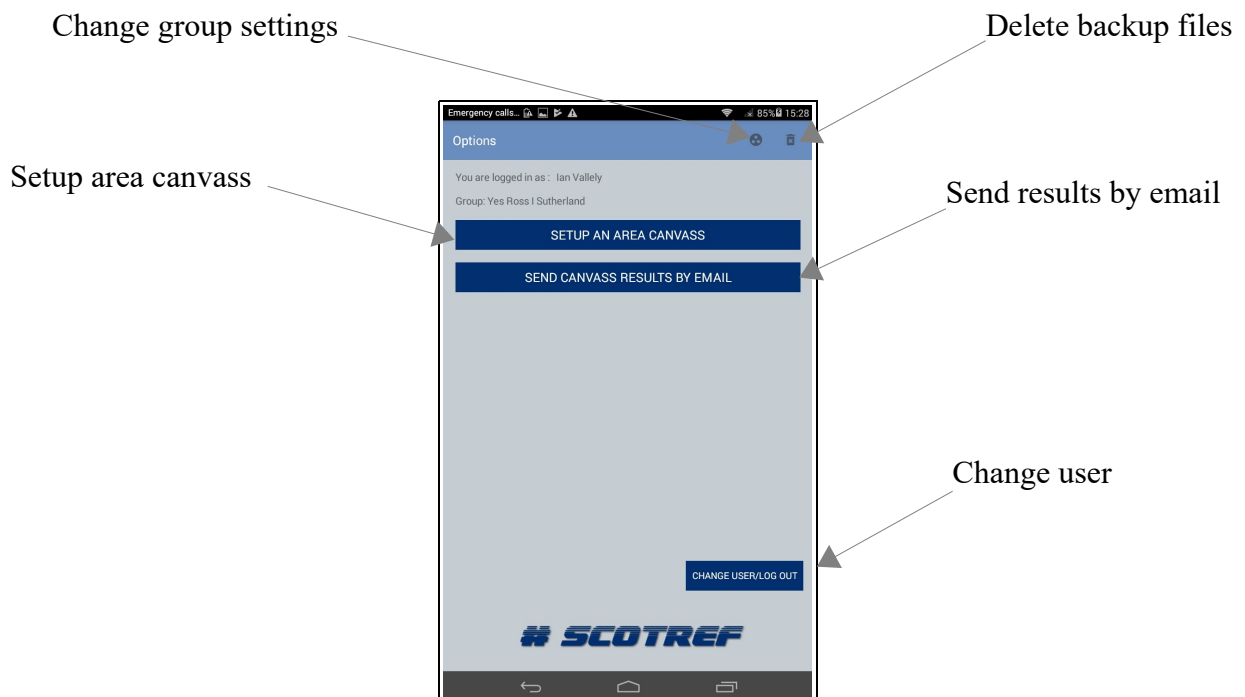

The welcome screen has three input fields. The Group Name, the group email address used for sending results to, and the user.

These will only be required to be completed once as the app will remember you and autocomplete fields for future use.

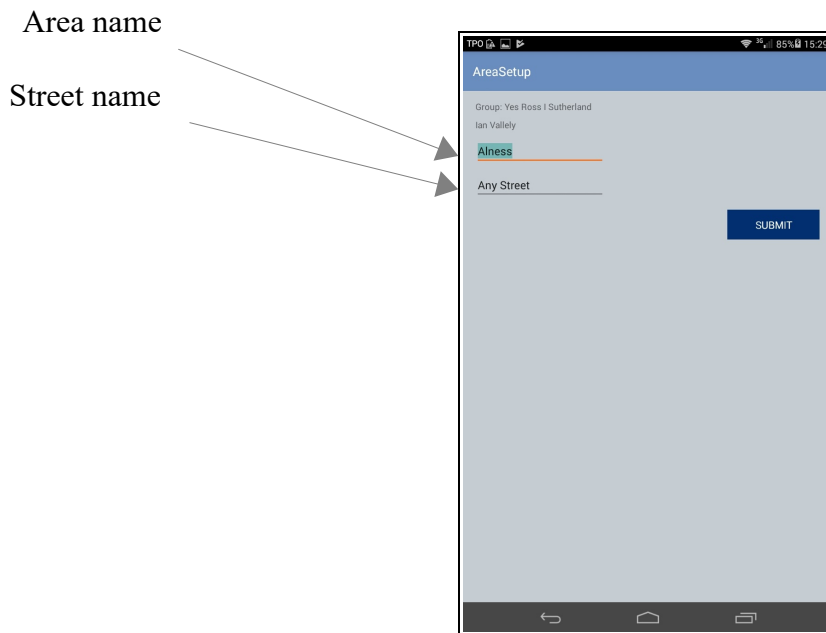

When you are satisfied with the group setup press continue.

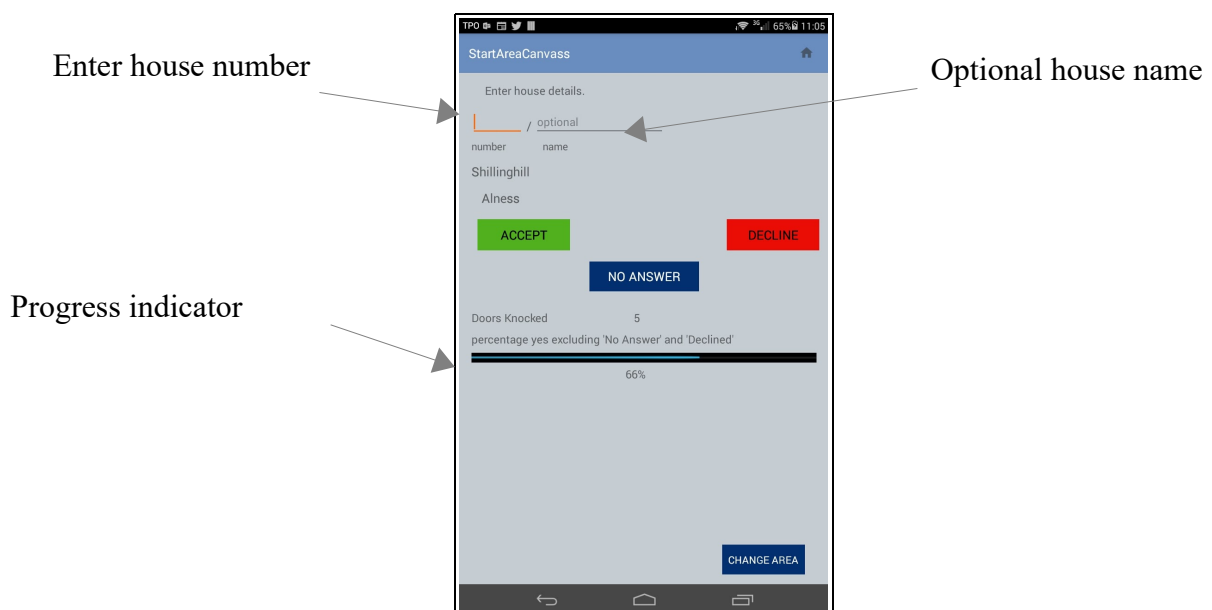

## The Home Screen

# Area Setup

# Start Area Canvass

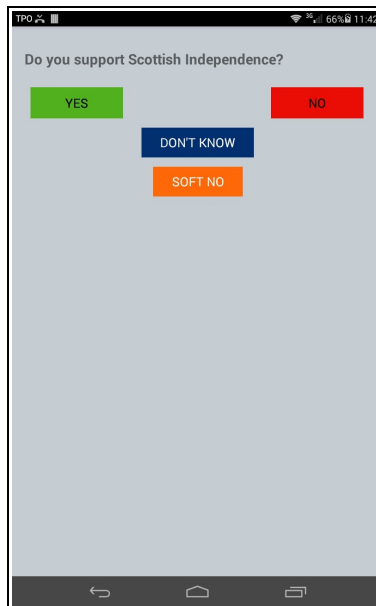

Use the buttons to select appropriate response.

# Question Screen

Question set: Do you support Scottish Independence?

With four options to respond.

- Yes
- No
